Our cover, created by Mrs. Audrie Morris, features the official seal of Arizona's state semi-centennial and territorial centennial. The emblem depicts the desert and mountain country of Arizona, the cactus wren (state bird), and the blossom of the saguaro cactus (state flower). Each of the 14 stars represents a county.

# DIALING LOCAL CALLS

IN WINSLOW & JOSEPH CITY

For **EMERGENCY** and Telephone Service Calls See **PAGE 1**

How to use your dial telephone in making local **CALLS**

1. Know the correct number. If you are not sure of the number, look it up in the directory.
2. Dialing a local call
  - a. Remove the receiver and listen for dial tone—a steady humming sound.
  - b. Upon hearing the dial tone, dial each figure in the number.
  - c. When you hear a soft “burr-ring” sound after dialing a number, the telephone you dialed is ringing. Please give the person you are calling time to answer before you hang up. About ten rings (one minute) is usually enough.
  - d. If, after dialing, you hear a steady “buzz-buzz-buzz” it means that the line is busy. To stop the “busy signal” it is necessary to hang up.
  - e. If you are calling another party on your line you will always get the “BUSY SIGNAL”. TO COMPLETE SUCH A CALL “DIAL OPERATOR” and she will be glad to help you.
3. Suggestions that will help to prevent your calls going astray—wrong numbers or not getting the “ringing” or “busy” signal.
  - a. Turn the dial all the way to the finger stop.
  - b. Completely release the dial after each pull and allow it to return to its original position at its own speed.
  - c. In making a series of calls or if you make a mistake in dialing—hang up momentarily before dialing again. This releases the equipment and gives it time to place the “dial tone” on your line again.

## Information about long distance calls

Here are some suggestions which can save you money and time

### How to save money

**CALL STATION-TO-STATION** if you are willing to talk to anyone who answers. Charges begin when the called telephone is answered. Station-to-station rates are lower than person-to-person.

**TO MAKE STATION-TO-STATION CALLS TO CITIES YOU CAN DIAL DIRECT** Just follow the Direct Distance Dialing instructions on Pages 4-8. It is easy to dial your out-of-town calls if you follow these simple instructions.

**TO MAKE STATION-TO-STATION CALLS TO CITIES YOU CANNOT DIAL DIRECT** (For Winslow and Joseph City subscribers) Dial Operator and tell her the place and telephone number. If you don't know the number, give the operator the name and address, but tell her you will talk with anyone. Then list the number in your “Blue Book” of telephone numbers.

**CALL PERSON-TO-PERSON** if it is necessary to talk to a particular person or to a particular extension telephone or department. Charges are higher than for station-to-station calls. They begin when the person or telephone you have asked for answers.

**PLACE YOUR CALL AFTER 6 P.M. OR BEFORE 4:30 A.M. ON WEEKDAYS OR ANY TIME SUNDAYS.** You make real savings on most calls during these reduced rate periods, especially on calls to more distant points.

**PLAN YOUR CALL.** It's a good idea, before making a long distance call to plan what you want to say. Then you won't talk longer than you intended or have to call back because you forgot something.

### A good idea

**CALL BY NUMBER** whenever you know it—it's Faster! When you place long distance calls by number, the operator can frequently complete your call twice as fast. If you don't know the number, the operator will give it to you in the course of handling the call—then you can jot it down for use next time. If you'd like a handy booklet for listing frequently-called numbers, “The Blue Book of Telephone Numbers” is free. For your copy, just ask at the Telephone Business Office.

### Have a telephone get-together

Have a family reunion or a business meeting by telephone. You can talk to a number of long distance points all at one time. Just dial Operator and then ask for the Conference Operator and tell her the numbers you want to contact. This service costs less than you'd think.

# DIRECT DISTANCE DIALING

From all telephones except coin telephones

## WHAT IS DIRECT DISTANCE DIALING?

A faster method of completing long distance calls, enables you to dial your own long distance calls direct to many telephones throughout the country. It can be used as easily and simply as dialing a local call.

## HOW TO USE DIRECT DISTANCE DIALING

### When To Use Direct Distance Dialing

Direct Distance Dialing can only be used to dial station-to-station long distance calls. Continue to dial Operator to place all other long distance calls such as:

Person-to-Person

Collect

Credit Card

Calls from Coin Telephones

Other calls requiring special handling

### Where You Can Dial

You are able to dial all telephones with 2 letters and 5 figures or with 7 figures in the cities and communities listed on the following pages. Additional communities are being added to this list from time to time, and may be obtained by dialing Operator.

### Obtain The Number

Information service for certain cities can be reached by Direct Distance Dialing as noted on the following pages. For those cities not so noted or not listed, dial "Operator" and ask for information in the city you are calling.

For Example: Denver Information, Please.

When you get the number, please jot it down and keep the number in front of you while you dial.

Your Blue Telephone Number Booklet for recording your long distance telephone numbers may be obtained by calling the Business Office.

# HOW TO DIAL A DIRECT DISTANCE CALL

From All Telephones (Except Coin Telephones)

Additional equipment now being installed in the Winslow Central Office will reduce the number of digits for Direct Distance Dialing. Continue to Dial "112" as the Direct Distance Dial Code until Midnight June 9, 1962. After that date dial only the digit "1".

## Dial The Direct Distance Dial Code "1"

(112 until June 10, 1962)

First dial "1" (112 until June 10, 1962)

Next dial the three-digit Area Code listed after the desired city name in the list on the following pages. Calls to all Arizona communities will not require an Area Code.

Then continue to dial the telephone number (2 letters and 5 figures or all 7 figures) just as you do on a local call.

You can dial only those telephone numbers which have 2 letters and 5 figures, like Richmond 8-1299, or 7 figures, like 748-1299.

It's important to remember this because some cities have numbers that you can dial and numbers you can't dial. For example, MUTual 6552 cannot be dialed because there are not 5 figures in the number.

## Here's How You Do It

For Example:

To call an Arizona number:

|                           | DDD<br>Code | Area<br>Code   | Telephone<br>Number |
|---------------------------|-------------|----------------|---------------------|
| Dial                      | 1*          | (not required) | SU 3-0799           |
| Dial                      | 1*          | (not required) | 783-0799            |
| * 112 until June 10, 1962 |             |                |                     |

For Example:

To call Los Angeles  
Richmond 8-1299

|                           | DDD<br>Code | Area<br>Code | Telephone<br>Number |
|---------------------------|-------------|--------------|---------------------|
| Dial                      | 1*          | 213          | RI 8-1299           |
| Dial                      | 1*          | 213          | 748-1299            |
| * 112 until June 10, 1962 |             |              |                     |

## Your Number, Please?

After you have dialed the distant number and before the telephone starts to ring, an operator may come in on the line and ask your number, saying "Your number please." When she does, give her the number of the telephone you are using.

## THINGS TO REMEMBER ON ALL DIRECT DISTANCE DIALING CALLS

1. First dial "1". (112 until June 10, 1962)
2. Followed immediately by the "Area Code," if required. (See following pages).
3. Then dial the telephone number. Be sure it has 2 letters and 5 figures or 7 figures.
4. Give the operator the number of the telephone you are using when she asks, "Your number, please?"

# IN CASE OF DIFFICULTY REPORT IT IMMEDIATELY TO YOUR OPERATOR

It is most important to dial correctly. However, if you reach a wrong number, ask the person you have reached for his telephone number and his city. Dial Operator immediately and give her this information so that you will not be charged for the call. If you receive a busy signal, hang up and try the call later. If you have any other difficulty, dial Operator. She will be glad to help you.

**REMEMBER — NO CHARGE WILL BE MADE WHEN:**

- You call "OPERATOR"
- For information about a telephone number
- The line is busy
- No one answers

## PLACES YOU CAN DIAL

HERE IS A PARTIAL LIST OF PLACES YOU CAN DIAL DIRECT BY TAKING THESE EASY STEPS.

### ARIZONA

FIRST DIAL 1 (112 until June 10, 1962) FOLLOWED IMMEDIATELY BY THE TELEPHONE NUMBER

|               |                 |                 |
|---------------|-----------------|-----------------|
| Ajo           | Higley          | San Manuel      |
| Ash Fork      | Holbrook        | Scottsdale      |
| Bagdad        | Humboldt        | Sedona          |
| Benson        | Joseph City     | Seligman        |
| Bisbee        | Kearny          | Show Low        |
| Bowie         | Kingman         | Sierra Vista    |
| Buckeye       | Litchfield Park | Snowflake       |
| Bullhead City | Mammoth         | Somerton        |
| Camp Verde    | Marana          | Springerville   |
| Casa Grande   | Maricopa        | Stanfield       |
| Cave Creek    | Mesa            | Sunnyslope      |
| Chandler      | Miami           | (North Phoenix) |
| Chino Valley  | Nogales         | Superior        |
| Coolidge      | North Phoenix   | Superstition    |
| Cottonwood    | (Sunnyslope)    | Tempe           |
| Deer Valley   | Page            | Tolleson        |
| Douglas       | Paradise Valley | Tombstone       |
| Eloy          | Parker          | Tucson          |
| Flagstaff     | Payson          | Wellton         |
| Florence      | Phoenix         | Wickenburg      |
| Gila Bend     | Pinetop         | Willcox         |
| Glendale      | Prescott        | Williams        |
| Globe         | Ray             | Winslow         |
| Grand Canyon  | Sacaton         | Yarnell         |
| Hayden        | St. Johns       | Yuma            |
|               | San Carlos      |                 |

Information service for all Arizona points can be reached without charge by Direct Distance Dialing. Dial 1-555-1212 (112-555-1212 until June 10, 1962).

# A PARTIAL LIST OF OTHER PLACES YOU CAN DIAL

From All Telephones (Except Coin Telephones)

For These Places First Dial 1 (112 until June 10, 1962) — Then the Area Code followed immediately by the telephone number.

If The Desired City Is Not Listed

Dial Operator, she will

For Dialable Cities, Furnish the Area Code.  
For Non-dialable Cities, Complete your Call.

| PLACE             | AREA CODE | PLACE                       | AREA CODE | PLACE                | AREA CODE |

\* Information service for these points can be reached without charge by Direct Distance Dialing. Dial 1, the proper Area Code, and 555-1212 (112, the proper Area Code, and 555-1212 until June 10, 1962).

## Things you should know about telephone service

### Emergency calls from party lines

IF YOU NEED THE LINE to make an emergency call, break into the conversation, identify yourself, tell what the emergency is and ask the other parties to please hang up.

IF YOU ARE USING THE LINE when the other party breaks in to say he has an emergency call, please hang up immediately.

### Party Line Warning

It is unlawful for any person willfully to refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of emergency. Likewise, it is unlawful for any person to ask for or request the use of a party line on pretext that an emergency exists knowing that no emergency in fact exists.

### Recording of conversations

If you hear a "beep" on the line about every 15 seconds during a telephone call, the person with whom you are talking is recording the conversation by means of an electrical recording machine. The "beep" signal is for your protection. Use of a recorder without this signal is contrary to the Company's tariffs and not permitted.

### Advertising business telephone numbers

Listing telephone numbers in advertising is a convenient and profitable way for a business firm to place its telephone number before the public. We encourage this, but at the same time it should be understood that the assignment of a telephone number does not imply any property right in that number. The needs of the service compel us to occasionally make number changes. If your number must be changed, we will advise you as far in advance as possible.

### Directory accuracy

Every effort is made to keep the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors and omissions from the directory except as provided for in its filed regulations and tariffs.

### Improper language

Profane or obscene language over the Company's lines is prohibited. Any violation of this rule may constitute cause for discontinuing service.

### Attachments to telephones

Someone is always selling some new gadget or gimmick to hang on the telephone, presumably to improve the service or make it handier. However, most of these devices actually interfere with your service and may put your telephone completely out of order.

The Telephone Company does not sanction any devices except those it furnishes. If your telephone equipment doesn't meet some special need, the Telephone Company can furnish approved special equipment at reasonable rates.

### Telegrams by telephone

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company — see the listing of that company in this directory — and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

### Entertaining and educational programs are available for organized groups

Talks and Motion Pictures can be arranged FREE OF CHARGE for groups of people, such as schools, fraternal, church, business, trade and professional organizations; and civic and service clubs.

For full information or booking, call or visit your local Telephone Business Office.

# complete telephone service

...for home, business, farm

Modern telephone convenience comes in all shapes and sizes, each item designed to make your home more pleasant, your business more efficient, or your farm operation more profitable. To learn more about the products and services described here and the scores of others available to you, just call your telephone business office or ask your telephone serviceman.

## Now—choose your extensions from an attractive FAMILY OF PHONES

**FOR YOUR BEDROOM NIGHTSTAND**, choose the lovely Princess. This petite phone features a light-up dial that adds convenience and can be used as a night light, too. Available in five colors.

**WHERE COUNTER SPACE IS PRECIOUS**, the smart wall phone is the answer. Handy, yet out of the way, it complements kitchen or workshop with a dash of color and a big measure of convenience. Eight colors to choose from.

**THE GRACEFUL DESK PHONE** is at home in any number of places and is just the thing for living room or family room. In nine rich colors.

**HOME INTERPHONE**, a new home communications system, lets you answer the door from your telephone or talk room-to-room throughout the house.

**BELL CHIME** gives your phone three distinctive tones. By simply moving a lever, you select a pure, melodious chime, a louder version of the regular ring, or the familiar ring you've always known. Choose from soft gold or ivory.

## PERSONALIZED DIRECTORY LISTINGS

**BE EASY TO FIND** in the telephone directory with a listing in your own name. Teenagers, relatives, and boarders in your household will appreciate a separate listing so friends can reach them easily.

# BUSINESS SERVICES

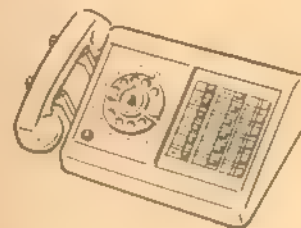

## PUSH-BUTTON TELEPHONES IN COLOR

**BEAUTIFULLY MODERN AND USEFUL.** Buttons let you pick up as many as six lines on one office phone. Each set can be equipped for intercom, bell cut-off, or exclusion of other parties from the line for privacy.

## CALL DIRECTOR

**WITH THIS COMPACT MULTI-BUTTON TELEPHONE SET**, your receptionist can take and "hold" up to 29 calls at once. Easy to operate, Call Director provides for interoffice communication and conference calls, too. Comes in four decorator colors.

## SPEAKERPHONES IN COLOR

**EQUIPPED WITH DESK-TOP LOUDSPEAKER AND MICROPHONE**, Speakerphone enables you to talk and listen without lifting the receiver. Both hands are kept free for writing or checking files. The sensitive microphone permits several persons in the same room to take part in telephone conferences. For privacy, use the phone the usual way.

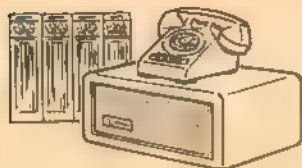

## YELLOW PAGES

**ADVERTISING IN THE YELLOW PAGES** will assure the return of old customers while helping new ones to find you. Put "Wolley Segap" to work for your business.

## ADDITIONAL TELEPHONE SERVICES

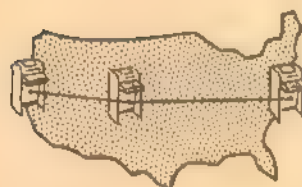

### DATA-PHONE

—relays large-volume orders, reports or entire inventories between cities at a maximum rate of 1,600 words a minute  
—many times faster than teletypewriter—over regular phone lines. Data-Phone accepts material for transmission directly from punched cards or tape and works well with practically all data-processing systems. It's as simple as a phone call.

### WIDE AREA TELEPHONE SERVICE (WATS)

—new long distance service, provides unlimited interstate calling for a flat monthly rate. WATS can save you money if you do a large amount of calling to widely separated and distant points.

### TELPAK

—service creates broad electronic "highways" to handle nearly all forms of point-to-point communications in large volumes. Designed for large businesses and government agencies that need large private-line facilities, TELPAK provides channels for phone calls, teletypewriter messages, telephoto, control, signaling, facsimile, data and other types of transmission.

### AUTOMATIC ANSWERING AND RECORDING SERVICES

**EVEN WHEN YOU'RE OUT, YOU'RE IN** with Automatic Answering Service, the full-time telephone "secretary." The equipment, connected to your home or office phone, automatically answers calls, gives your recorded message to the callers, then invites them to leave name, phone number, or other recorded message.

### ARTIFICIAL LARYNX

—puts the wonder-world of electronics to work for the speechless. Held against the throat, the device becomes a voice for those whose vocal cords have been affected by surgery or paralysis. Available at cost.

### FARM INTERPHONE

—the first and only communications system developed for the special needs of the farmer and rancher. As a network for building-to-building conversations and for answering or placing calls from any point where an extension phone is placed, it saves money, time and footsteps for farm families and workers. Includes outdoor loudspeakers.

# 100%

*That's what we aim for in publishing  
The Telephone Directory—to have it 100 per  
cent correct . . . . .*

**BUT**—with the thousands of subscribers to be listed, changed addresses, and new numbers, it is easy to see why it is possible for an error to creep in here and there.

Your name, address and telephone number in this directory are most likely correct. But, if by any chance they are not, you'll do us a favor by telephoning or writing to our nearest Business Office.

**We'll correct our records promptly so it  
will appear the way it should  
in the next issue.**

# **To Speed Service . . .**

***Please Look Up the Number  
First!***

... Each new issue of the  
**TELEPHONE DIRECTORY**  
contains an important  
percentage of listings  
that are new,  
or changed.

... Many new telephones  
have been installed.

... Many people have changed  
their places of residence  
or business.

**Please Consult the Directory First!**

HOW TO

**FIND IT FAST**

IN THESE

**Yellow Pages**

Whether you are a newcomer or have lived in the city for years you will be surprised to find the many services and commodities you can locate in the Yellow Pages. Thousands of classified headings have been established to help identify the activities of practically every local profession or business that has a telephone.

## **READY TO BUY?**

Bakers or Bottles—Florists or Furniture—Tailors or Travel Agencies . . . Just turn to the proper classification and you will find many firms represented with listings and advertisements giving you vital information to help in selecting a firm to call.

—————*Tell Them You Found Them in the Yellow Pages!*—————

## **LOOKING FOR BRAND NAMES?**

Turn to the classification which best describes the product or service you want. Authorized dealers for products bearing the Trade Mark or Trade Name you have in mind, will be represented there, ready to serve you.

—————*Tell Them You Found Them in the Yellow Pages!*—————

## **FORGET SOMETHING?**

You remember the address but you can't quite recall the name. Look under the appropriate heading for the product or service you want, then check the addresses of the dealers listed there. You will quickly recognize the address and the name you had forgotten.

—————*Tell Them You Found Them in the Yellow Pages!*—————

## **EVEN WHEN YOU KNOW THE NAME**

The Yellow Pages help you find it faster! For example, if the dealer you are looking for is named Brown it is much easier to look for him under the classification descriptive of his business, than to look through the long list of Browns in the white pages.

—————*Tell Them You Found Them in the Yellow Pages!*—————

## **IF YOU ARE IN BUSINESS**

You will be giving better service to your customers and prospects if you advertise your goods and services under all headings descriptive of them. For details about advertising or additional listings in the Yellow Pages, just call your Telephone Company Business Office.

# WINSLOW-JOSEPH CITY CLASSIFIED TELEPHONE DIRECTORY

But You Don't Know*

## WHERE TO BUY IT

The business firms whose advertisements you will find in the Yellow Pages of your telephone directory are doing their part to assist you in your everyday shopping problems. Through adequate representation they tell you quickly and easily who sells it, who to call or where to go for the services or products you desire.

Business men and women today are using this modern method of shopping. They find it saves them miles of steps and hours of time.

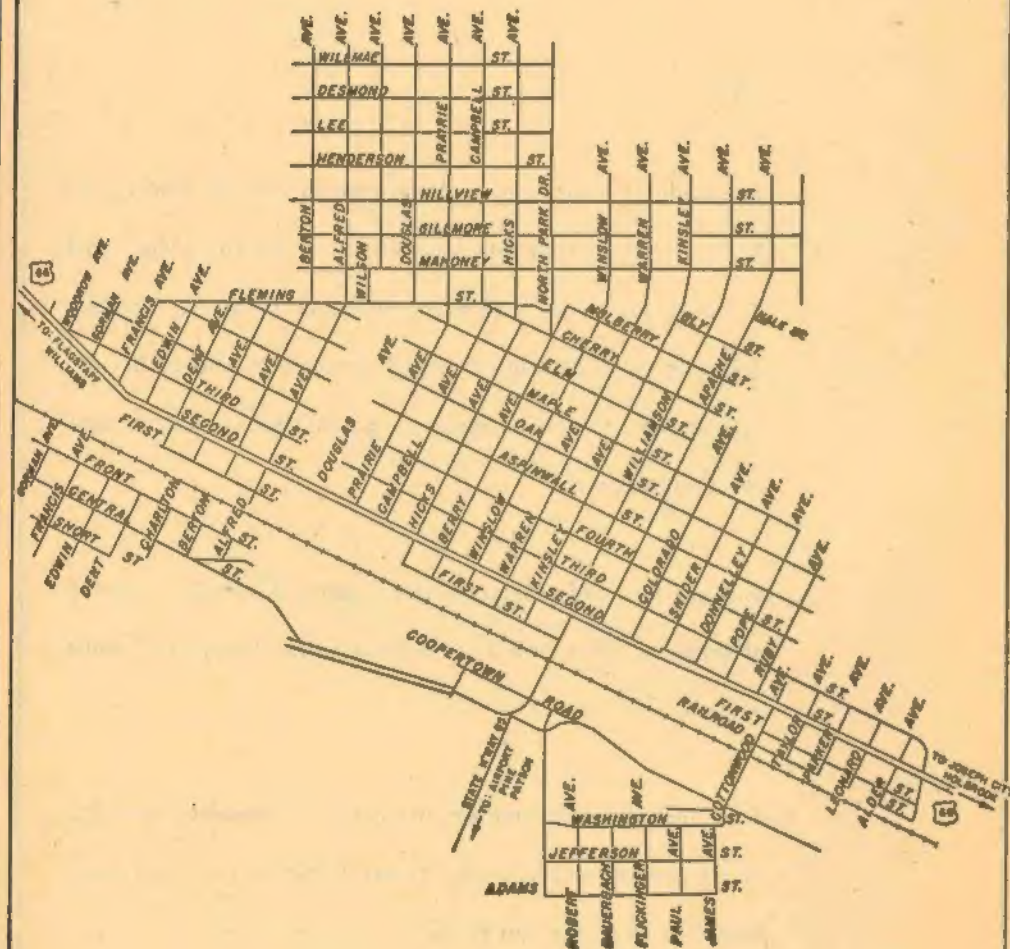

Your next shopping problem can easily be solved by referring to the advertisements in the Yellow Pages of your Telephone Directory. We urge you to try it.

## SPECIAL TELEPHONE SERVICES

...yours at NO COST or OBLIGATION

A phone call, letter or visit to your local telephone business office will introduce you to the many services offered by Mountain States Telephone for your convenience. Here are a few:

1

**CONCEALED TELEPHONE WIRING** for your new home is available without charge during initial construction.

2

**ENTERTAINING PROGRAMS** for your club, school or church group, including talks and demonstrations and a selection of excellent 16 mm movies on many subjects. Yours for the asking.

3

**A COMPLIMENTARY COPY** of the popular Blue Book of Telephone Numbers provides a place to keep all the numbers you're likely to call.

4

**NEED THE PHONE NUMBER** of a distant friend? Your local telephone office has a handy reference library of out-of-town directories.

5

**WE PROVIDE TRAINING** for your new PBX operators. This service includes instruction for summer replacements when your regular operator is on vacation.

6

**WHEN AWAY FROM HOME** use the telephone Credit Card to charge long distance calls.

7

**THE TELEPHONE COMPANY SALESMAN** packs eighty years of Bell System experience in his briefcase when he visits your office to show you how modern telephone service can save you money.

**Handiest phone for the busiest room in your ho**

*Ordering's easy! Just call our  
business office or ask  
your telephone serviceman.*
